Collated decking clip

UNIVERSAL COLLATED HIDDEN DECK FASTENER

Chain collated clips are innovatively engineered to work with composite or timber boards of varying thickness and with timber or metal frames for a more cost-effective and efficient installation. Chain offers superior durability and strength, a discreet appearance, and easier post-installation access and board removal.

A PRODUCT BY **HULK FASTENERS™**

GET THE JOB DONE FASTER.

Chain collated clips save you time and money by streamlining installation with pre-loaded screws that offer cutting-edge performance for the entire lifespan of your deck. Enjoy a simpler installation and a more secure long-term fastener that complements the overall look of your deck.

Stainless steel clip with
polymer coating

Preloaded with screw
for ease of installation

FEATURES AND BENEFITS

MORE EFFICIENT INSTALLATION

Collated system comes pre-loaded with screws for quicker installation

UNIVERSAL APPLICATION

Works with timber & composite boards of variable thickness & groove depths

DURABLE

Stainless steel clip with a protective polymer coating for extended outdoor longevity

STRENGTH IN SIZE

Proven strength in uplift holding power & preventing lateral movement of boards

INNOVATIVE ENGINEERING

Cost-effective use of materials without affecting grip strength or overall clip performance

EASIER POST-INSTALLATION ACCESS

More convenient post-installation board removal with direct overhead fastener access

CHAIN COLLATED CLIPS

Chain collated clips offer a smarter solution for creating an outdoor decking oasis. Each clip is pre-loaded with either a timber or metal frame screw for ease of installation. Like all Eva-Last products, Chain collated clips are built on the principle of longevity. The durable and high quality materials of Chain collated clips, make installations more efficient and longer lasting, for both professionals and novices alike.

CHAIN HAND TOOL

The Chain hand tool adds value to the Chain collated clip system by maximising installation efficiency. The hand tool creates precise fastening thanks to its built-in depth control system that eliminates installation errors and weak connections. The hand tool is compatible with a wide range of composite and timber board sizes, ergonomically designed for ease of use, and made from high quality materials for long-lasting reliability.
